SPLENDID SURGERY.

Eight-Year-Old William Gulliford Saved From Dread Lockjaw.

About three weeks ago William Gulliford, aged eight years, son of Major Gulliford, of Mayfield, was out for a ride, when the horse he was riding took fright and ran off, throwing the boy from his back in such a manner as to cause him to fall on his jaw, which received a compound fracture.

The bone was properly set, but would not heal, and last week lockjaw developed.

Saturday Dr. C. C. Owens of this city, Dr. M. R. Davis of Mayfield, and Dr. Crane of Meigs attended the lad's case, and this morning he is reported as getting along splendidly.

Electric Park.
The promise of a really good show this week at our amusement place was faithfully kept. That the enjoyable performance pleased the large audience present was evidenced by the liberal applause accorded each performer and each act. Fred and Bessie were highly pleased in their musical set. They introduced a number of well known instruments and also several novelties in the way of musical instruments. Mr. Gross's slight of hand was good, and Mr. Hucker's dancing caught the crowd. Nunn and Bradford were good, their act, which was full of good singing and witty remarks. Miss Bradford is a clever singer of comic songs and also rendered other catchy songs, while Mr. Nunn's comic dancing was up-to-date. Six big acts make up the program. Go out for your evening's pleasure and an enjoyable car ride. Admission and reserved seat tickets on sale at Nelson's.

BOARD OF TRADE.

Some Obstacles That Stand in the Way of the Growth of Maysville.

MUCH FOOD FOR CALM THOUGHT.

The organization that meets on difficulties is not a necessity. The by many opposition has been confined to a few underhanded forces.

That, in some cases, the designs of the organization have been thwarted we must admit; that many good things have resulted from the concert of action, none will question.

The thoughtful remarks so often made, "if the Board of Trade cannot do that it should be disbanded," constitutes a strong argument for its continued existence, so that it may gain the strength to surmount all the difficulties that rise before it.

Chief among the obstacles in the way of our growth and expansion may be pointed the following:

First—Selfishness and a lack of public spirit, which prompts one to think all the service should be contributed by others.

Second—The desire of property holders to realize too much for sites available for manufacturing establishments. Think of this, our holders of large tracts of vacant and unproductive real estate. Think of additional value given to your holdings by the increase of manufacturing in our city.

Third—The disposition to criticize those who are endeavoring to add to our material wealth by attracting new trade and new people to our community.

Fourth—Some think the sole object of the Board of Trade is to keep people from buying in other markets. The organization does try to stimulate our citizens to patronize home institutions, but no such pledge is required as a requisite to membership. The merchants may by enterprise, push and diligence come nearer solving this than can any other agent. Keep abreast of the times in your business—do not be a croaker.

Remember, though the times be troublous, "Laugh and the world laughs with you, Weep and you weep alone."

You will not attract trade by telling how many people do their shopping some place else.

Fifth—The movement to attract trade by free ferrage and by offering special attractions during the very heated term has not come up to the expectations of some, but no time to evidence your desire for an expansion of commercial relations for twelve months and see what great results will come to reward you for what is but a meager outlay. Nothing is accomplished except by persistent and determined effort. Having put our shoulders to the wheel let all push together without ceasing.

Sixth—Every man in the city and many in the county should belong to the Board of Trade. Then so one could say "You folks should do something to help the public good," but all say "We will do it," and it will come to pass.

If you live tired? Don't fail to do it duty. If so, don't neglect it for big pay. A few doses of Herbine may save you a spell of sickness. Herbine is the only perfect liver medicine. It cures Chills and Fever. Price 50 cents. J. Jas. Wood & Son.

Don't fail to come to the ice cream supper this evening at Hill House. Admission 15 cents.

It ought to be more generally known that Herbine water is a great curative for common sore and inflamed eyes and has been known to cure children of aggravated cases.

Mr. and Mrs. Patrick Sammons have the sympathy of the entire community in the loss of their little seven-month-old babe, Della Deane. Her remains were interred Sunday at Washington.

Mr. Warren English, Section Foreman on the Mayfield section of the C. and O., who was dangerously ill at his home at the Depot with typhoid fever, is now getting better. He is from Ohio and is an Oddfellow.

"We have sold many different cough remedies, but none has given better satisfaction than Chamberlain's," says Mr. Charles Heishauer, Druggist, Newark, N. J. "It is perfectly safe and can be relied upon in all cases of cough, cold or hoarseness." Sold by J. Jas. Wood & Son, Druggists.

TO THE POINT.

Green Keller Replies to Criticism of His Course.

MANLY STAND BY A MANLY MAN.

"We regret to announce our friend and fellow-workman servant, Green K. Keller, of the Carlisle Mercury, take his defeat for Secretary of state gracefully. He says he will support the ticket, but at the same time says things may change in the future. A lifelong Democrat couldn't be won by his record by writing as he does."—W. P. Walton in the Standard Inter-Ad Journal.

My dear Frank Walton: I know I do not have a warmer personal friend in Kentucky than yourself. Time and opportunity have proved that you have been my political supporter in all our aspirations, and I assure you that you never had a more ardent admirer than the undersigned. Time circumstances cannot change my admiration for you, not only as a man and brother, but as a lover of truth and justice, and a fearless writer against all manner of crime. When your action was almost overruled with murders and outlaws, you took your life in your hands and offered it to the cause of peace and truth. I have made it my business for years to read and listen to your matches semi-weekly, and my sons have been taught by me to look upon your fearless and constant fight against wrong as an example worthy of their emulation.

Now what shall I do? What shall I think? Shall I follow you in your support of political reality, or shall I let the truth?

Do you think I will the record of a litigious Democrat by publishing the facts?
